MESSAGE FROM THE DIRECTOR

What a transformative year! Back with a vengeance after a summer 2020 of uncertainty for our organisation and community, it is with a grateful heart that we can look back on this recent year with much hope fulfilled. Future Leaders persevered through the most challenging of obstacles to deliver this year's usual programmes - and more. Without platinum sponsors **HSCM Bermuda** and **The Government of Bermuda**, this year's activities would not have been possible. From a newly inducted cohort of 13 Future Leaders, to a successful community give-back campaign, this year's projects were not only a success, but exceeded expectations.

Founder and Director
Ryan Robinson Perinchief

Our vision in creating Future Leaders was to show our young people that although we live in a world filled with injustice and uncertainty, there is no limit to what we can accomplish if we educate ourselves, adopt the right mindset, and take action over our futures and communities. This year's activities have demonstrated just that. The enthusiasm shown by our newest cohort in the midst of increased hardship and general pandemic chaos speaks to the resilience our young people have. They were highly engaged and came with open hearts and minds, giving all they had and then some. There is no doubt that Bermuda's future is in good hands.

Beyond this, our team has shown a level of commitment so great, that the wider community has seen the love we have for our young people and poured in to fill our every need. With our first ever platinum sponsors, HSCM Bermuda, we successfully delivered an internship programme for aspiring young financial professionals, and an awesome Back to School Community Giveaway to show our appreciation to the community. These successes were bolstered with support from The Government of Bermuda and numerous grants and donations highlighted later in this report. It is so much easier to focus on the development of our young people through our activities and mentorship when the wider community has our back, and with basic needs met. We could not be more grateful.

Finally, in looking to the future of our charity, we were proud to witness Future Leaders Seon Tatem (2017) and Mckenzie-Kohl Tuckett (2018) join our team to deliver this year's programmes and ensure our operational needs were met. Their desire to come back after completing the programme could not be a greater endorsement of our efforts.

To the 2021 newly inducted Future Leaders, the FLB team, our community partners and platinum sponsors, thank you for showing us that through collaboration and genuine support combined with effort, we as a people can and will continue to clear any hurdles that are placed into our paths. We must use moments such as these to remind us of our strength as individuals and most importantly, as a people.

Overall, we hope you are all safe and well and we thank you again for your continued support as we navigate these current times. Thank you for your belief, we are encouraged!

Best Regards and thanks to the village,

Ryan Robinson Perinchief

LOOKING OUT FOR OUR FUTURE LEADERS' WELLBEING

ISLAND WELLNESS & LIFE SKILLS RETREAT (AUGUST 2020)

Our first summer retreat!

In the midst of the Covid pandemic interruptions, we were forced to cancel our 2020 Summer Induction Programme and did not accept a new intake of Future Leaders for the year. However, based on a desire to cultivate Future Leaders from past year groups '17, '18', and '19, coupled with a noted increase in anxiety & stress among students, funding for the 2020 Summer Programme was reallocated toward an overnight wellness and life skills retreat held for all Future Leaders from Aug 16-23, 2020 on Paget Island.

LIFE SKILLS WORKSHOPS HELD:

Mind & Body Wellness

- Kemeti Yoga and breathing
- The art of Tai-Chi
- Stress Management
- Journal Reflection
- Self-Care, Nails & Hair and Relationships

Academic Enrichment

- Business Creativity & Ideation
- Personal Branding
- Scholarships and Resume Writing
- Entrepreneurship
- Coding and Tech

WHAT'S NEXT?

FUTURE LEADERS MONTHLY MENTORSHIP CLUB

In our last report and Strategic Vision 2020-2023, we announced plans for a Future Leaders 'Monthly Mentorship Club' to develop students through life skills and academic enrichment seminars in order to foster collaboration, promote skills development, and self-improvement, thus building a sense of community among the leaders of tomorrow. Our aim is to better equip our Future Leaders with essential life skills, enabling them to exhibit an improved sense of camaraderie, connectedness and embrace individual and collective changes within communities.

Thanks to a charity competition hosted by Argus Bermuda, Future Leaders Bermuda was successful in securing a \$15,000 sponsorship to deliver this programme over the course of two school years! Although the programme launch was delayed due to restrictions imposed by the Covid-19 pandemic, we are hopeful about delivering this project in 2022. **Thank you to Argus, and the community, for choosing us!**

DEPARTMENT OF YOUTH, SPORT

POLITICAL EDUCATION & CIVIC ENGAGEMENT PROJECT

One target outlined by our charity was to develop a dynamic curriculum to empower young people to educate themselves on Bermuda's system of governance and engage in dialogue on local issues. We are pleased to announce that in this past year we were successful in receiving a Youth Investment Grant from the Department of Youth, Sport & Recreation to make this happen. We are now going about the work of developing this new project, scheduled for launch in 2023. **Thank you YSR!**

STUDY ABROAD AND GLOBAL PARTNERSHIPS

After two summers of interruption with our Brandon Hall School exchanges, we are determined to resume our partnership and take a contingent up to Atlanta. Brandon Hall have also expressed an interest in visiting Bermuda for October 2022. Additionally, we are still committed to developing a cultural exploration tour to Ghana for an eye-opening experience and life-changing educational journey and will soon begin fundraising and project scoping to make this happen.

We have had a lot of leaders. We have had a lot of martyrs. Let's try looking in the mirror and see if we can find those very leaders that we say that we are so much in need of."
